SUMMARY

Focused Computer Science student with strong foundations in Java, Python, C, and SQL. Developed secure applications using HTML, CSS, JavaScript, and modern frameworks. Experienced in API development, authentication, and database integration with tools such as Git, Postman, and MongoDB Atlas. Applied software engineering principles through academic projects and internships, delivering reliable solutions within deadlines.

SKILLS

- Web Development: HTML5, CSS3, Bootstrap, MERN Stack (MongoDB, Express.js, React.js, Node.js)
- Programming Languages: Java, Python, C, JavaScript (ES6+)
- API Development
- Databases: SQL, MongoDB (Beginner)
- Tools & Platforms: Visual Studio Code, Git/GitHub, Postman, MongoDB Atlas
- Software Engineering Concepts: Modularization, Backend Optimization, Role-Based Access Control

EXPERIENCE

MERN Stack Developer Intern | Hitasoft Technologies – Madurai, India
(Nov 2025 – Dec 2025)

- Developed full-stack web applications using the MERN stack
- Implemented RESTful APIs with Node.js and Express
- Managed data in MongoDB with optimized storage and retrieval
- Designed responsive UI using React and Bootstrap
- Performed debugging, testing, and performance optimization

EDUCATION

- **Bachelor of Science – Computer Science (Data Science and Analytics)**

  Manikam Ramaswami College of Arts and Science | 2024-2027

- **Higher Secondary School Certificate (ISC)**

  VMJ Higher Secondary School, Madurai | 2010-2024

PROJECTS

Virtual Healthcare System (Full-Stack)

- Developed a patient-doctor interaction platform using MERN stack
- Built UI for registration, login, and appointment scheduling
- Created RESTful APIs and managed secure data in MongoDB
- Implemented authentication and input validation

College Attendance Management System (Frontend)

- Designed responsive interface using HTML, CSS, JavaScript
- Built role-based views for students, faculty, and admin
- Added validation, dashboards, and modular design

CERTIFICATIONS

- Python for Data Science – NPTEL
- Introduction to Machine Learning – NPTEL
- AI & ML using Python – NPTEL+
- Real-Time Operating Systems – NPTEL
- English Language for Competitive Exams (Elite Silver) – NPTEL
- Java Programming Fundamentals – Infosys Springboard
- Excel (Beginner & Advanced) – Infosys Springboard

ACHIEVEMENTS

- Participated in Oracle APEX Hackathon, AdroIT Technologies (Naan Mudhalvan Program)
- Participated in Game-a-thon’25, ArrowDev Club, SRM Institute of Science and Technology
